
What is your impression of iGEM?

- A (very interesting) ● B ● C ● D
● E (Not interesting)

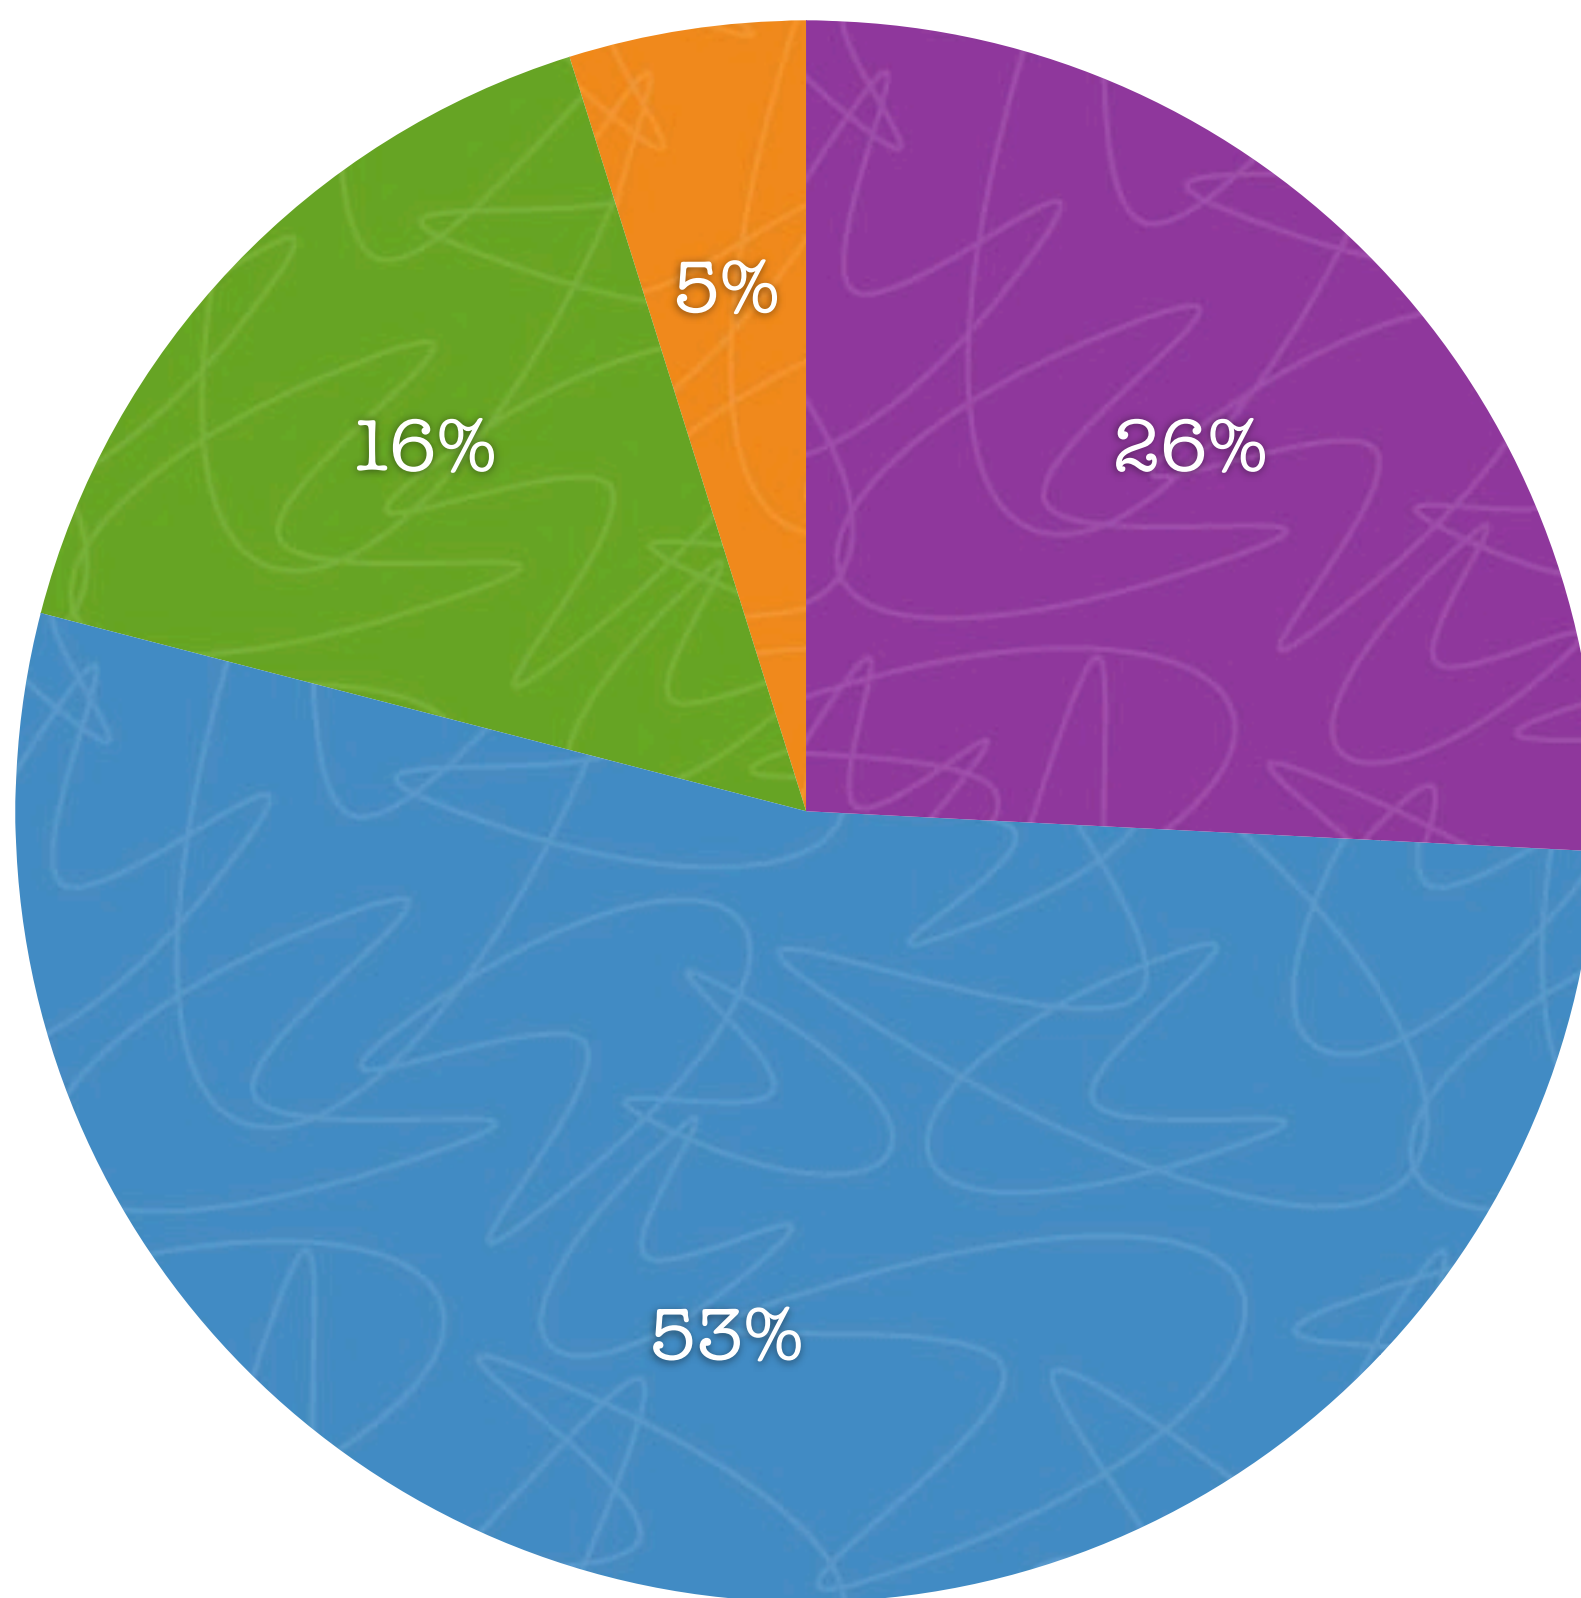

表 1

A (very interesting)	16
B	33
C	10
D	3
E (Not interesting)	0

Fig 3 shows that initially one third of the students were not interested in biology.

After the lecture, most of the students became more interested in synthetic biology.

This result shows that our lecture fulfilled its purpose.
