

Meeting Notes may 12 2011

Sequences will be uploaded in dropbox. Christoph will check them.

Next meeting will be held May 16 on Monday at 18.00 to decide which plasmid to use and how to.

Most of the biobricks are already present but we may order a few more.

There are some changes on the modules. Kuba will upload them on wiki.

Output change will be discussed in the wetlab meeting.

SPONSORING:

We have 3 answers already.

Waiting for Oscar in order to contact the big companies.

BaseClear will not give any money but is willing to help with sequencing and synthesis.
